**Invesco India Bond A Dis USD / LU1252824740 / A3CYBM / Invesco Management**

**Investment strategy**

The Fund may use derivatives (complex instruments) to manage the Fund more efficiently, with the aim of reducing risk, reducing costs and/or generating additional capital or income. The Fund is actively managed and is not constrained by its benchmark, the CRISIL 91 Day Treasury Bill Index, which is used for comparison purposes. As the benchmark is a proxy for a money market rate, the overlap is not applicable.

**Investment goal**

The objective of the Fund is to generate income and long-term capital appreciation. The Fund will invest primarily in debt instruments (including contingent convertibles) issued and/or guaranteed by the Indian government or by Indian companies, and Indian money-market instruments.
