Investment strategy

The fund invests at least 70% of its assets, in equities of companies that are listed, headquartered, or do most of their business, in the Greater China Region, including China, Hong Kong, Macau and Taiwan. These investments are considered innovative in technology (such as artificial intelligence, digitisation, robotics and future mobility), lifestyle (such as health, education and wealth) and ecology (such as clean energy, environmental protection and circular economy). These investments may be from emerging markets. The fund may also invest in money market instruments on an ancillary basis. The fund invests at least 50% of its assets in securities of companies with favourable environmental, social and governance (ESG) characteristics.

Investment goal

The fund aims to achieve capital growth over the long term.
