**Alma Gramercy Emerging Markets Debt I EUR H / LU2485349232 / A3DTRX / Alma Capital IM**

**Investment strategy**

Emerging markets in connection with this Sub-Fund means (i) "traditional" emerging markets, which the Investment Manager views as most countries in the world other than developed countries (including but not limited to current members of the G-7, Australia, New Zealand) ("traditional emerging markets"), (ii) developed countries that have issued sovereign debt that is rated below investment grade, and (iii) developed countries that have issued investment-grade sovereign debt that the Investment Manager believes is likely to be downgraded below investment grade in the near future.

**Investment goal**

In order to pursue its investment objective, the Sub-Fund seeks to invest principally in fixed income instruments including bonds, convertible bonds, bank deposits, and other types of debt securities of issuers with their principal business activities and interests located in emerging markets countries.
