AMUNDI FUNDS EMERGING MARKETS CORPORATE HIGH YIELD BOND - A EUR A Sub-Fund of the SICAV AMUNDI FUNDS

ISIN code: (A) LU1882457143

This UCITS has appointed Amundi Luxembourg SA, an entity part of Amundi group, as its Management Company

Objectives and Investment Policy

The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

Seeks to increase the value of your investment (through income and capital growth), and outperform the benchmark, over the recommended holding period, while achieving an ESG score greater than that of the benchmark.

The sub-fund is actively managed. It mainly invests in emerging market corporate bonds. These investments are below investment grade and denominated in any OECD currency. The sub-fund may or may not hedge currency risk at the portfolio level, at the discretion of the investment manager, so long as exposure to emerging market currencies is no higher than 25% of net assets. The sub-fund uses derivatives to reduce various risks (hedging), manage the portfolio more efficiently, and gain exposure (long or short) to various assets, markets or other investment opportunities such as credit, interest rates and foreign exchange.

Benchmark : JP Morgan CEMBI Broad Diversified High Yield Index. Used for determining financial and ESG outperformance, and for risk monitoring.

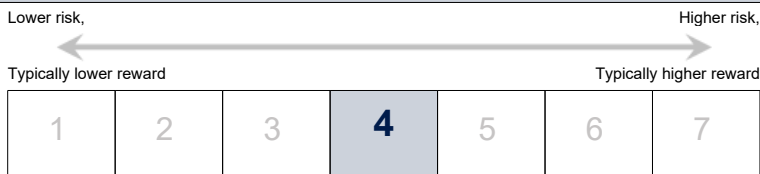

Management Process : The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. In actively managing the sub-fund, the investment manager uses analysis of market and individual issuers to identify those bonds that appear to offer the best risk-adjusted returns (top-down and bottom-up approach). The sub-fund is mainly exposed to the issuers of the benchmark, however, the management of the sub-fund is discretionary, and will invest in issuers not included in the benchmark. The sub-fund monitors risk exposure in relation to the benchmark however the extent of deviation from the benchmark is expected to be material. The sub-fund promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

The accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

The minimum recommended holding term is 4 Years.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.

Past underperformances over the last 5 years should be clawed back before any new accrual of performance fee.

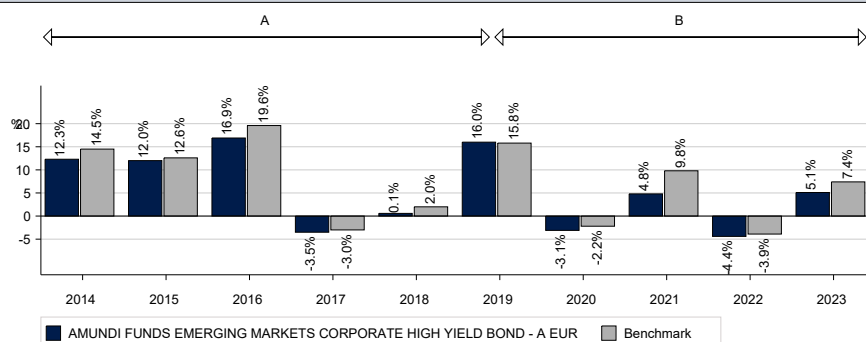

The anniversary date corresponds to the day of the last Net Asset Value of the month of June.

Performance fee accruals will be paid to the Management Company on an anniversary date and a new observation period starts.

The performance fee is not paid to the Management Company if the performance of the share class over the performance observation period is negative, while remaining higher than the performance of the Reference Asset.
