What is this product?

Type: Amundi German Equity is a UCITS fund established in Germany.

Term: The Fund has an unlimited term. We are entitled to terminate the management of the Fund, subject to a notice period of at least six months, via an announcement in the Federal Gazette (Bundesanzeiger) and also in the annual or semi-annual report.

We may suspend the redemption of units if exceptional circumstances so require, taking into account the interests of investors.

Objectives: The aim of the Fund Management is to achieve a better performance than the benchmark (HDAX) taking into account the risks taken and the development of the capital markets. The benchmark is not tracked by the Fund, but serves as the starting point for allocation decisions. The investment markets are invested in via permitted assets in accordance with the investment conditions. The investments are actively managed. The Fund structure and performance may therefore differ significantly, i.e. also in the long term and/or completely, both positively and negatively, from the benchmark.

The Fund is classified in accordance with Article 8 of the Disclosure Regulation, i.e. it pursues an investment policy aligned with ESG criteria.

To achieve its objective, at least 51% of the value of the Fund is invested in equities of domestic issuers and the value of the equities in the Fund may not fall below 70% of the value of the Fund. The total value of interest-bearing securities may not exceed 25% of the Fund's value. The Fund includes sustainability criteria in its investment process, as further described in the section "Amundi – Responsible Investment Policy". ESG criteria are taken into account when assessing and selecting companies. The assessment of the three individual aspects results in an overall assessment (= ESG rating); more details can be found in the section "Amundi - Responsible Investment Policy". The Fund may also invest in asset classes, currencies, regions and assets outside the benchmark and may use derivative transactions for hedging, speculative purposes and efficient portfolio management. In addition, the Fund may invest in accordance with the "General and Special Conditions of Investment".

Intended retail investors: This product is intended for investors with a basic knowledge and with no or limited experience of investing in funds, seeking to increase the value of their investment over the recommended holding period and who are able absorb losses up to the investment amount.

Redemption and dealing: The shares in the Fund can generally be redeemed on valuation days.

Distribution policy: The Fund income is ordinarily distributed.

More information: You can obtain further information about the Fund, including the prospectus, investor information document and financial report, free of charge on request from:

What are the risks and what could I get in return?

RISK INDICATOR

The risk indicator assumes you keep the product for six years.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 5 out of 7, which is a medium-high risk class. The risk of potential losses from future performance is therefore classified as medium-high. In very unfavourable market conditions, it is likely that the ability to execute your redemption requests will be compromised.

Additional risks: Market liquidity risk could amplify the variation of product performances.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Beside the risks included in the risk indicator, other risks may affect the Product's performance. Further information can be found in the prospectus or the investor information document of Amundi German Equity.

What happens if Amundi Deutschland GmbH is unable to pay out?

If Amundi Deutschland GmbH defaults, this will have no direct impact on its payouts, as the statutory provisions specify that in the event of Amundi Deutschland GmbH's bankruptcy, the Fund's assets will remain separate and will not be included in the bankruptcy estate.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

COSTS OVER TIME

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you keep the product and how well the product performs. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods, we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

Example investment EUR 10,000

Scenarios	If you exit after	
	1 year	6 years*
Total costs	€699	€1,290
Annual Cost Impact**	7.1%	2.1%

* Recommended holding period.

* This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the end of the recommended holding period, your average return per year is projected to be 3.06% before costs and 0.93% after costs.

These figures include the maximum distribution fee that the person selling you the product may charge (6.00% of amount invested/EUR 600). This person will inform you of the actual distribution fee.

If you are invested in this product as part of an insurance contract, the costs shown do not include additional costs that you could potentially bear.
