You are about to purchase a product that is not simple and may be difficult to understand.

What is this product?

Type

This product is a Sub-Fund of Aviva Investors, an open ended investment company with variable capital and an umbrella fund with segregated liability between the sub-funds, established under the laws of Luxembourg and authorised by Commission de Surveillance du Secteur Financier.

Term

The Fund has no minimum fixed term.

The Management Company has the ability to terminate the PRIIP with adequate notice to investors.

Objective: The objective of the Fund is to increase the value of the Shareholder's investment over the long term (5 years or more) by investing in shares of UK companies.

Investment Policy: The Fund invests mainly in equities of UK companies. Specifically, at all times, the Fund invests at least 80% of total net assets (excluding ancillary liquid assets, eligible deposits, money market instruments and money market funds) in equities and equity-related securities of UK companies (incorporated or domiciled in the UK), or non-UK companies which are listed in the UK or which have significant trading activities in the UK.

Derivatives and Techniques: The Fund may use derivatives for hedging and for efficient portfolio management.

Securities lending Expected level: 10% of total net assets; maximum: 20%.

Underlying securities in scope: limited to assets permitted by the Fund's investment policy.

Strategy: The Fund is actively managed with an unconstrained investment style, allowing the Investment Manager the freedom to invest in selected companies of any size, and at any stage of the business cycle (that is consistent with Aviva Investors' ESG philosophy). This will include investing in market leading and mature companies with the potential for superior earnings growth and sustainable dividends, as well as identifying companies which are out of favour at a particular point in time but where there is a specific opportunity for the company's value to increase in the future.

Benchmark (performance comparison): The Fund's performance is compared against the FTSE All Share TR Index (the "Benchmark" or the "Index"), however

the reference benchmark is not aligned with all of the environmental or social characteristics promoted by the Fund. The Fund does not base its investment process upon the Index so will not hold every component in the Index and may also hold equities that do not form part of it. The Fund is expected to have an average yearly tracking error of between 3% and 8% when compared to the Index. In certain conditions the Fund may be outside of this range.

Sustainability Disclosures: This Fund promotes environmental and social characteristics however does not have a sustainable investment objective. To be eligible for investment, all investments that are selected as part of the Investment Manager's ESG analysis must follow good governance practices and not be excluded by the Investment Manager's ESG Baseline Exclusions Policy. The Investment Manager actively engages with companies and uses voting rights with the aim of positively influencing company behaviour and helping to create competitive returns. The Investment Manager integrates qualitative and quantitative data on adverse sustainability impacts into its investment processes. The Fund does not make any minimum commitment to invest in one or more environmentally sustainable investments. Further information regarding how the Investment Manager integrates ESG into its investment approach (including information on its ESG Baseline Exclusions Policy) and how it engages with companies is available in the Responsible Investment Philosophy section and on the website www.avivainvestors.com.

Intended retail investor

This share class is intended for Retail Investors.

The Fund is appropriate for an investor with only basic knowledge of this type of investment, an informed investor or an experienced investor who are prepared to risk loss to the value of their investment in order to potentially generate both income and capital growth, and who plan to stay invested for at least 5 years. It can be purchased with or without professional financial advice.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 5 out of 7, which is a medium-high risk class.

Be aware of currency risk. You might receive payments in a different currency other than the base currency of the Fund. The final return you will get might depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

However, you may benefit from a consumer protection scheme (see the section "What happens if Aviva Investors Luxembourg S.A. is unable to pay out"). The indicator shown above does not consider this protection.

Other materially relevant risks for the fund are; Currency risk, Market risk, Equities Risk, Counterparty risk, Derivatives risk, Illiquid securities risk and Sustainability risk For full and detailed definitions of the additional risks impacting this Fund, please refer to the Funds' prospectus, available on the company website, www.avivainvestors.com.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

Recommended holding period:		5 years	
Example Investment:		£10000	
		If you exit after 1 year	If you exit after 5 years
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	£1070	£800
	Average return each year	-89.30%	-39.66%
Unfavourable	What you might get back after costs	£6170	£6750

Favourable	What you might get back after costs	£16380	£13140
	Average return each year	63.80%	5.61%

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable scenario: this type of scenario occurred for an investment between 2015 and 2020.

Moderate scenario: this type of scenario occurred for an investment between 2018 and 2023.

Favourable scenario: this type of scenario occurred for an investment between 2016 and 2021.

What happens if Aviva Investors Luxembourg S.A. is unable to pay out?

The assets of the Fund are held in safekeeping by its depositary. In the event of the insolvency of the Manager, the Fund's assets in the safekeeping of the Depositary will not be affected. However, in the event of the Depositary's insolvency, or someone acting on its behalf, the Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depositary is required by law and regulation to segregate its own assets from the assets of the Fund. The Depositary will also be liable to the Fund and the investors for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfil its obligations (subject to certain limitations).

There is no compensation or guarantee scheme protecting you from a default of the Fund's depositary.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Cost over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- GBP 10,000.00 is invested.

	If you exit after 1 year	If you exit after 5 years
Total costs	£725	£1848
Annual cost impact (*)	7.3%	3.3% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 4.6% before costs and 1.3% after costs.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	5.0% of the amount you pay in when entering this investment.	Up to £500
Exit costs	We do not charge an exit fee for this product, but the person selling you the product may do so.	£0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.8% of the value of your investment per year. This is an estimate based on actual costs over the last year.	£184
Transaction costs	0.4% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	£41
Incidental costs taken under specific conditions		
Performance fees (and carried interest)	There is no performance fee for this product.	£0

How long should I hold it and can I take money out early?

This product has no required minimum holding period but is designed for long-term investment; you should have an investment horizon of at least 5 years.

The Management Company shall redeem units of any Fund at the redemption price on each dealing day. Redemptions of the applicable Fund will be effected at the valuation point on the relevant dealing day. The price is based on the net asset value per unit of each class determined at the valuation point. Redemption requests received after the dealing deadline will be treated as having been received by the following dealing deadline unless otherwise determined by the Management Company.

Please contact your broker, financial adviser or distributor for information on any costs and charges relating to the sale of the shares.

How can I complain?

If you choose to invest in the Fund and subsequently have a complaint about it or the Manager or any distributor of the Fund, you should in the first instance contact the Aviva Investors Compliance Department: by Email at: compliance.lu@avivainvestors.com or by Fax on: (+352) 40 83 58 317 or by post to Postal address: Aviva Investors Luxembourg S.A., Att.
