Details about the SICAV

Candriam Equities L (the "SICAV") publishes a detailed annual report on its activities, the assets under management. The report includes a combined statement of net assets and a combined statement of changes in net assets expressed in EUR, investment portfolio of each sub-fund and the audit report. This report is available at the registered office of the SICAV and at the registered office of the banks designated to provide financial services in the countries in which the SICAV is sold.

Furthermore, every six months a report is issued containing notably the composition of the portfolio, the number of shares in circulation and the number of shares issued or repurchased since the date of the previous report.

The shares are only available in registered form.

The Annual General Meeting of Shareholders of the SICAV is held each year at the registered office of the SICAV or at any other place in Luxembourg as specified in the convening notice. It shall take place within 6 months after the financial year-end.

Notice for all general meetings is sent to all registered shareholders by registered mail at their address specified in the share registrar, at least 8 days before the General Meeting. These notices indicate the time and place of the General Meeting as well as the conditions of admission, the agenda and the quorum and majority required under Luxembourg law.

In addition, notice shall be published in the "Recueil électronique des sociétés et associations" ("RESA") of the Grand Duchy of Luxembourg and in a Luxembourg newspaper the "Luxemburger Wort" as well as in the press of the countries where the SICAV is marketed if the legislation so requires.

The financial year of the SICAV ends on December 31, of each year.

The net asset value per share of each share class of each sub-fund, the subscription, redemption or conversion's price of each share class of each subfund may be obtained from the registered office of the SICAV and from the banks designated to provide financial services in the countries where the shares of the SICAV are distributed.

A detailed statement of the movements in the portfolio is available free of charge upon request at the registered office of the SICAV.

The prospectus, Key Information Documents for packaged retail and insurance-based investment products (PRIIPs KIID), the SICAV's Articles of Incorporation and financial reports are available to the public free of charge, at the SICAV's registered office.

Note 1 - General Information

Candriam Equities L (hereafter the "SICAV" or "the Fund") was incorporated for an indefinite period on April 27, 1994 under the name "BIL Equities" in the form of a Société d'Investissement à Capital Variable (SICAV) in accordance with the provisions of the part I of the law of December 17, 2010, as amended, relating to undertakings for collective investment and the Law of August 10, 1915, as amended, on commercial undertakings. Its minimum capital is EUR 1,250,000.

The Articles of Incorporation of the SICAV were published in the "Mémorial, Recueil des Sociétés et Associations" dated June 9, 1994. They have been modified several times, in particular, for the last time on April 6, 2020. The corresponding modifications were published in the "Recueil Electronique des Sociétés et Associations" ("RESA"). The SICAV is registered in the Luxembourg Commercial and Companies Register under the number B-47449.

The structure of multiple sub-funds offers investors not only the advantage of being able to choose between different sub-funds but also of being able to switch between these sub-funds if allowed. Within each sub-fund, the SICAV may issue different share classes which differ in particular in terms of the fees and commissions payable or in terms of their distribution policy.

The issued share classes are the following:

- The **BF class** is reserved for Belgian-law feeder UCIs approved by the Management Company and managed by an entity of the Candriam group.
- The **C class** is offered to individuals and companies.
- The **CB class** is reserved only for certain bank distributors approved by the Management Company.
- The **I class** is restricted exclusively to institutional investors whose initial minimum subscription is EUR 250,000. This minimum may be modified at the discretion of the Board of Directors, on condition that equal treatment of shareholders is ensured on the same valuation day. For the sub-fund Candriam Equities L Oncology Impact, the Board of Directors decided to close the share class I Distribution (ISIN: LU1864482432) with effect from July 11, 2022, since no further commercial interest has been identified for such a share class.
- The **I2 class** is a share class with no performance fee that is reserved solely for institutional investors with a minimum initial subscription of EUR 250,000, or the equivalent in foreign currencies for the classes denominated in foreign currencies (the Board of Directors may adjust this minimum at its discretion provided all shareholders are treated equally on a given valuation day).
- The **LOCK class** (hereinafter "L class") is a share class linked to a mechanism aimed at limiting the capital risk taken. This mechanism is offered only by Belfius Banque S.A., the sole distributor authorized to distribute these shares. By investing in this class, the investor agrees that the shares be automatically sold as soon as the net asset value has reached a predetermined amount (activation price). Thus when Belfius Banque S.A. ascertains that the net asset value is equal to or lower than the activation price, a redemption order is automatically generated and executed as soon as possible. The sale order will be globalized at the first cut-off date (closing date for receipt of orders) following the date on which the net asset value that gave rise to the automatic triggering of the redemption order was calculated. Given the specific nature of this class, potential investors are invited, before subscribing, to obtain information from their financial adviser at Belfius Banque S.A. in order to familiarize themselves with the technical and operational requirements related to this mechanism.
- The **N class** is restricted to distributors especially authorised by the Management Company.
- The **P class** is reserved for (i) occupational retirement pension institutions and/or similar investment vehicles, established at the initiative of one or more employers for the benefit of their employees and (ii) groups of one or more employers investing the funds that they hold in order to provide retirement benefits to their employees. The minimum initial subscription is EUR 15,000,000.

Other notes to the financial statements

- The **PI class** is reserved for institutional investors which subscribe before the sub-fund has reached a critical size in terms of assets under management. The minimum initial subscription is EUR 1,000,000, or the equivalent amount in the relevant currency for classes denominated in other currencies (the Board of Directors may adjust this minimum at its discretion provided all shareholders are treated equally on a given valuation day). This class will remain open to subscriptions until one of the following events occurs: (i) the period set by the Board of Directors has expired; (ii) the sub-fund has reached a critical size in terms of assets under management, as defined by the Board of Directors; (iii) the Board of Directors has decided, on justified grounds, to close this class to subscriptions. The Board of Directors has the option of re-opening this share class at its discretion, without being obliged to inform investors beforehand.
- The **R class** is reserved for financial intermediaries (including distributors and platforms) which:
 - have separate arrangements with their clients for the provision of investment services related to the sub-fund, and
 - are not entitled to accept and retain from the Management Company and to retain, on account of their applicable laws and regulations or further to agreements with their clients, any fees, commissions or other monetary benefits in connection with the provision of the above-mentioned investment service.
- The **R2 class** is reserved:
 - for distributors and/or intermediaries approved by the Management Company and which do not receive, for investments in this class, any form of remuneration from an entity of the Candriam Group when the final investments in the shares are made in the context of a mandate.
 - for UCIs approved by the Management Company.
- The **S class** is a share class reserved exclusively for institutional investors which have been especially approved by the Management Company.
- The **SF2 class** is reserved for feeder funds approved by the Management Company and managed by delegation by an entity of the Candriam group. The minimum holding in this class is EUR 200,000,000 or the equivalent in foreign currencies for classes denominated in foreign currencies. This amount may be changed at the discretion of the Board of Directors provided that shareholders are treated equally.
- The **V class** is restricted exclusively to institutional investors whose initial minimum subscription is EUR 15,000,000 or its equivalent in foreign currencies for the classes denominated in foreign currencies (this minimum amount may be modified at the discretion of the Board of Directors, on condition that equal treatment of shareholders is ensured on the same valuation day).
- The **V2 class** is a share class with no performance fee and is restricted to institutional/professional investors, distributors and/or intermediaries approved by the Management Company, and whose initial minimum subscription is EUR 15,000,000 or the equivalent in foreign currencies for the classes denominated in foreign currencies (this amount can be reviewed at the directors' discretion; in this case, equal treatment of shareholders must be ensured on the same valuation day).
- The **Y class** is a share class reserved exclusively for institutional investors which have been especially approved by the Management Company.
- The **Z class** is reserved:
 - for institutional/professional investors approved by the Management Company. Since the portfolio management activity for this class is remunerated directly via the contract concluded with the investor, no portfolio management fee will be charged on the assets of this class.
 - for UCIs approved by the Management Company and managed by an entity of the Candriam Group.
- The **ZF class** is reserved for feeder UCIs approved by the Management Company and managed by an entity of the Candriam group.

The assets of the various classes are pooled within a single account.

Furthermore, a currency hedging process may be applied to the share classes:

- **Base currency hedged share classes:**
These hedged share classes aim to reduce the effect of exchange rate fluctuations between the base currency of the sub-fund and the currency in which the hedged share class is denominated.
The aim of this type of hedging is for the performance of the hedged share class to be reasonably comparable (after adjusting for the difference in interest rates between the two currencies) to the performance of a share class denominated in the sub-fund's base currency. This type of hedging is identified with the suffix H added in the denomination of the share class.
- **Asset hedged share classes:**
These hedged share classes aim to reduce the effect of exchange rate fluctuations between the currencies in which a sub-fund's investments are held and the currency of the hedged share class. This type of hedging is identified with the suffix AH added in the denomination of the share class.

The shares issued are described in detail in the section "Statistics" of the various sub-funds.

Note 5 - Operating and Administrative Expenses

The SICAV bears the current operating and administrative expenses incurred to cover all the overheads and variable expenses, the charges, fees and other expenses, as defined below ("Operating and Administrative Expenses").

The Operating and Administrative Expenses cover, but are not limited to, the following expenses:

a) the expenditures incurred directly by the SICAV, including, inter alia, the Depositary Bank's fees and charges, the fees and expenses of the approved independent auditors, the cost of share class hedging, including that invoiced by the Management Company, the fees paid to the Directors and the reasonable expenses and outlays incurred by or for the Directors;

Other notes to the financial statements

Note 5 - Operating and Administrative Expenses (Continued)

b) a "service fee" paid to the Management Company and including the remaining sum of the Operating and Administrative Expenses after deduction of the expenses detailed in section (a) above, that is, inter alia, the fees and expenses of the Domiciliary Agent, the Administrative Agent, the Transfer Agent and Registrar Holding and the Principal Paying Agent, the costs related to registration and maintenance of the registration in all the jurisdictions (such as the fees charged by the supervisory authorities concerned, the translation expenses and the remuneration of the Representatives abroad and the local paying agents), the stock exchange registration and renewal expenses, the cost of publishing the share prices, the postal and telecommunication charges, preparation cost, printing, translating and distributing the prospectuses, key investor information documents, notices to shareholders, financial reports or of any other document intended for the shareholders, the legal fees and expenses, the charges and expenses related to the taking out of any subscription/licence or any other use of fee-paying information or data, the expenses incurred by the use of a registered trademark by the SICAV, the expenses and fees payable to the Management Company and/or its delegates and/or to any other agent appointed by the SICAV itself and/or to the independent experts.

The Operating and Administrative Expenses are expressed as an annual percentage of the average net asset value of each share class and are payable monthly.

At the end of a given period, if the actual charges and expenses were to be higher than the percentage of Operating and Administrative Expenses set for a share class, then the Management Company would pay for the difference itself. Conversely, if the actual charges and expenses were to turn out to be lower than the percentage of Operating and Administrative Expenses set for a share class, then the Management Company would retain the difference.

The Management Company shall be entitled to instruct the SICAV to proceed to settle all or part of the expenses as listed above directly from its assets.

In such a case, the amount of the Operating and Administrative Expenses would be reduced accordingly.

Note 7 - Subscription tax

The SICAV is governed by the Luxembourg tax laws.

By virtue of the legislation and regulations currently in force, the SICAV is subject in Luxembourg to an annual tax of 0.05% of the net asset value of the SICAV; this rate is reduced to 0.01% for the classes reserved for institutional investors. This tax is payable quarterly on the basis of the net asset value of the SICAV calculated at the end of the quarter to which the tax relates.

The Belgian government enacted a law to tax once a year the net asset value of foreign investment funds registered in Belgium. This annual tax is calculated on the net amounts defined as invested in Belgium by Belgian financial intermediaries. In the absence of a sufficient declaration relating to these figures, the tax authority will be entitled to calculate the tax on the entirety of the assets of these sub-funds. The Belgian law of June 17, 2013 comprising fiscal and financial provisions and provisions relating to sustainable development set the rate of the annual tax for Undertakings for Collective Investment at 0.0925% with effect from January 1, 2014.

As a precautionary measure, the SICAV filed a claim with the Belgian tax authority and the Brussels Court of First Instance for the tax to be refunded. At this stage, it is not possible to prejudge the outcome of the dispute or any reimbursement in favour of the SICAV. In a similar case, the Belgian State appealed to the Court of Cassation against the Court of Appeal's rulings in favour of the plaintiff.

The management company was informed that the Court of Cassation ruled against the plaintiff on March 25, 2022. The Court of Cassation (French-speaking chamber) considers that the Brussels Court of Appeal wrongly qualified the Belgian subscription tax as a wealth tax covered by the double taxation convention between Belgium and Luxembourg (which convention attributes the right to tax Luxembourg SICAVs only by Luxembourg and not by Belgium, which justified the claim for reimbursement of the Belgian subscription tax).

The case is referred back to the Court of Appeal of Liège which will be bound by the assessment taken by the Court of Cassation.

Another decision of the Court of Cassation (Dutch-speaking chamber) of April 21, 2022 does not dispute that the Belgian subscription tax is a wealth tax, but considers that the double taxation convention between Belgium and Luxembourg (unlike the one signed with the Netherlands) does not cover in its scope a wealth tax levied in Belgium.

The prospect of a refund is therefore limited and will in any case not be possible in the short term.

On the valuation days on which the difference between the amount of subscriptions and the amount of redemptions in a sub-fund (that is, the net transactions) exceeds a threshold previously set by the Board of Directors (partial Swing), the Board reserves the right to determine the net asset value by adding to the assets (in the case of net subscriptions) or by deducting from the assets (in the case of net redemptions) a flat-rate percentage of fees and expenses corresponding to market practices in the case of purchases or sales of securities for Candriam Equities L Australia, Candriam Equities L Biotechnology, Candriam Equities L Emerging Markets, Candriam Equities L EMU Innovation, Candriam Equities L ESG Market Neutral, Candriam Equities L Europe Innovation, Candriam Equities L Europe Optimum Quality, Candriam Equities L Global Demography, Candriam Equities L Life Care, Candriam Equities L Oncology Impact, Candriam Equities L Robotics & Innovative Technology and Candriam Equities L Meta Globe.
