CPR Invest - Credixx Global High Yield - I EUR - Acc A Compartment of CPR Invest (SICAV)

ISIN code : (A) LU2036818446

This Compartment is managed by CPR Asset Management, a company of the group Amundi

Objectives and Investment Policy

The investment objective is to outperform the benchmark over a medium-term period (minimum of three years) through the management of the credit "Speculative Grade" exposure. The benchmark is : Markit - (1/3 ITraxx Europe Crossover and 2/3 CDX.NA.NY USD Hedged) 1.5x Leveraged funded Euro. This benchmark presents a 1.5 leverage on the combination of both Itraxx and CDX indices in order to better reflect the investment strategy.

To achieve this, the Compartment aims to expose the portfolio to the credit spread of European and American corporate issuers rated "Speculative Grade", i.e. whose ratings are below or equal 'BB+' (as rated by S&P) or 'Ba1' (as rated by Moody's) or considered equivalent by the Management Company's criteria based on its anticipation of the credit market trends. The Management Company leans, for the evaluation of credit risk and category, on his teams and its own methodology which integrates , among other factors, rating issued by the main rating agencies. The credit exposure will be mainly obtained through credit derivatives on index Itraxx Crossover and CDX High Yield of a maturity of 5 years.

The Compartment is managed within a range of credit modified duration of the category " Speculative Grade " between [+3; +9]. The Compartment is managed within a range of modified duration of the interest rates between [-1; +1].

The Compartment can invest up to 100 % of its asset in rate products, and/or in deposits made with credit institutions, issued by OECD public and private issuers, of any currencies. The currency risk against the euro is hedged at the time of investments and adjusted on a regular basis.

The Compartment is actively managed and seeks to outperform the Benchmark. The Compartment is mostly exposed to the issuers of the Benchmark, however, the management of the Compartment is discretionary, and will invest in issuers not included in the Benchmark. The Compartment monitors risk exposure in relation to the Benchmark however the extent of deviation from the Benchmark is expected to be material.

Derivatives instruments may be used by the Compartment for hedging, arbitrage, exposure purposes and/or efficient portfolio management.

Risk and Reward Profile

The Compartment's level of risk reflects that of its underlying asset class, namely "Speculative Grade" credit, via derivatives and the portfolio's leverage.

- The historical data used to calculate the numeric risk indicator could not be a reliable indicator of the future risk profile of the Compartment.
- The risk category associated with this Compartment is not guaranteed and may shift over time.
- The lowest category does not mean 'risk free'.
- The capital is not guaranteed.

Major risks for the Compartment not included in the indicator are :

- Credit risk: this is the risk of sudden downgrading in the creditworthiness of an issuer or that of its default.
- Liquidity risk: it presents the risks that a financial market, when volumes traded are low or if there are tensions on such market, might not be able to absorb the sell (or buy) volumes without causing the price of the assets to significantly drop (or rise).
- Counterparty risk: this is the risk of default of a market participant preventing it from honoring its commitments in respect of your portfolio.
- The use of financial derivatives instruments might increase or decrease the capacity of your portfolio to amplify market's movements.

The occurrence of any of these risks may lower the net asset value of your Compartment. To learn more about the risks, please refer to the Risk Profile section of the Compartment in the prospectus.
