What is this product?

Type

The Fund is an investment company incorporated as a société anonyme qualifying as a Société d'Investissement à Capital Variable. The Fund's value is dependent on the performance of the underlying assets and may go up as well as down. Any capital invested in the Fund may be at risk.

Objectives and Investment Policy

Investment Objective:

The Fund aims to provide short term capital growth and income by investing in a portfolio of bonds and money market instruments, while promoting environmental, social and governance (ESG) characteristics. The Fund aims to have a higher ESG score than its reference benchmark; calculated as a weighted average of the ESG scores of the issuers of the Fund's investments versus the weighted average of the ESG scores of its reference benchmark.

The Fund promotes ESG characteristics within the meaning of Article 8 of SFDR. More information on HSBC Global Asset Management's responsible investing policies is available at www.assetmanagement.hsbc.com/about-us/responsible-investing.

Investment Policy:

In normal market conditions, the average duration of the portfolio holdings of the Fund is not expected to exceed one year, which is considered to be ultra-short duration.

In normal market conditions, the Fund will invest at least 70% in either fixed or floating-rate income bonds and other similar securities including money market instruments, that are rated investment grade and are issued or guaranteed by governments, government-related entities, supranational entities, and companies, based in developed or emerging markets.

The Fund will invest less than 30% of its assets in non-investment grade rated and unrated bonds and up to 10% of its assets in securities issued or guaranteed by any single sovereign issuer with a non-investment grade rating.

The Fund includes the identification and analysis of an issuer's ESG credentials as an integral part of the investment decision making process to help assess risks and potential returns. ESG credentials may include environmental and social factors, and corporate governance practices. Companies and/or issuers considered for inclusion within the Fund's portfolio will be subject to excluded activities in accordance with HSBC Asset Management's Responsible Investment Policies, which may change from time to time. Please refer to the Prospectus for more details on ESG Credentials and excluded activities.

ESG credentials, excluded activities and the need for enhanced due diligence will be identified and analysed using both HSBC's proprietary ESG Materiality Framework as well as research & information provided by financial and non-financial data providers.

The Fund may invest up to 10% of its assets in bonds and other similar securities which have a maturity longer than five years and may invest up to 30% in bonds issued in emerging markets.

The Fund may invest up to 10% of its assets in onshore Chinese bonds, up to 20% of its assets in asset backed securities (ABS) & mortgage-backed securities (MBS), up to 10% of its assets in contingent convertible securities (however this is not expected to exceed 5%), up to 10% in other funds, and may invest in bank deposits and money market instruments for treasury purposes.

The Fund may hold shares (and securities similar to shares) received as a result of or in connection with a corporate action affecting existing portfolio holdings.

The Fund invests mostly in bonds which are denominated in US dollars (USD) and may have exposure up to 20% of its assets in non-USD currencies.

The Fund may invest in derivatives and use them for hedging and efficient portfolio management purposes. Derivatives will not be used extensively for investment purposes. Derivatives may be embedded in other instruments used by the Fund.

- ◆ The Fund may enter into securities lending transactions for up to 29% of its assets. However, this is not expected to exceed 25%.
- ◆ The reference currency of the Fund is USD. The reference currency of this share class is HKD.
- ◆ Income is reinvested.
- ◆ You may sell your investment on most working days.
- ◆ The Fund is actively managed and does not track a benchmark. The reference benchmark for the Fund is Barclays 1-3 Year US Corporate Index Total Return USD. The Reference Benchmark is only used to compare the Fund's ESG score.
- ◆ The Investment Advisor will use its discretion to invest in securities not included in the reference benchmark based on active investment management strategies and specific investment opportunities. It is foreseen that the reference benchmark will not be used as a universe from which to select securities.

Intended Retail Investor

The Fund may be suitable for investors with a very short term investment horizon and is intended for investors aiming for a low expectation of capital loss and income levels expected to be regular and stable. The Fund may be suitable for investors looking for an alternative to cash deposits or temporary cash investments.

An investment in the Fund is only suitable for investors who are capable of evaluating the risks and merits of such an investment, and who have sufficient resources to bear any loss as the Fund is not guaranteed and they may receive back less than the amount invested. The Fund is designed for use as part of a diversified investment portfolio. Prospective investors should consult with their financial advisor before making an investment.

Term:

The Fund does not have a maturity date.

The PRIIP Manufacturer cannot terminate the Fund unilaterally. The Board of Directors may furthermore decide to liquidate the Fund in certain circumstances set out in the prospectus and articles of incorporation of the Fund.

What are the risks and what could I get in return?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended Holding Period: 1 month		If you exit after 1 month
Investment of HKD 100,000		
Minimum	The Fund is not covered by an investor compensation or guarantee scheme, you may lose some or all of the amount invested.

	Percentage return	-2.97 %
Favourable Scenario	What you might get back	HKD 98,030
	Percentage return	-1.97 %

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances. The unfavourable scenario occurred for an investment between February 2020 and March 2020. The moderate scenario occurred for an investment between September 2020 and October 2020. The favourable scenario occurred for an investment between December 2022 and January 2023. A suitable benchmark was used where the Fund had insufficient history.

What happens if HSBC Investment Funds (Luxembourg) S.A. is unable to pay out?

The Fund's ability to pay out would not be affected by the default of HSBC Investment Funds (Luxembourg) S.A.. The Fund's assets are kept safe by the Depositary Bank and are segregated from the assets of other Funds. This means that the holdings of one Fund are kept separate from the holdings of the other Funds and your investment in the Fund cannot be used to pay the liabilities of any other Fund. There is a potential liability risk for the Depositary if the assets of the Fund are lost. The Depositary is liable in case of its negligent or intentional failure to properly fulfil its obligations pursuant to the 2010 Law.

In the event of a bankruptcy or insolvency of the Depositary Bank or other service provider, investors could experience delays (for example, delays in the processing of subscriptions, conversions and redemption of shares) or other disruptions and there may be a risk of default. The Fund is not covered by an investor compensation or guarantee scheme.
