Investment policy: The Fund invests in a diversified portfolio of equity and equity related securities issued by infrastructure and utility companies that are listed or traded on global developed markets.

The Fund will not invest in equity or equity related securities listed or traded in emerging markets.

The Fund does not intend to track or replicate the Indices which are included for performance comparison purposes only.

No more than 10% of the Fund's net asset value will be invested in transferable securities.

The Fund may hold cash and/or ancillary liquid assets such as money market instruments and cash deposits.
